

FLOODPLAIN MANAGEMENT ORDINANCE

FOR THE

TOWN OF EASTON, MAINE

ENACTED: 4/1/96
Date

CERTIFIED BY: Cheryl Clark
Name

Town Clerk
Title

Affix Seal

STATEMENT OF PURPOSE AND INTENT

Certain areas of the Town of Easton, Maine are subject to periodic flooding, causing serious damages to properties within these areas. Relief is available in the form of Federally subsidized flood insurance as authorized by the National Flood Insurance Act of 1968.

Therefore, the Town of Easton, Maine has chosen to become a participating community in the National Flood Insurance Program, and agrees to comply with the requirements of the National Flood Insurance Act of 1968 (P.L. 90-488, as amended) as delineated in the attached Floodplain Management Ordinance.

It is the intent of the Town of Easton, Maine to require the recognition and evaluation of flood hazards in all official actions relating to land use in the floodplain areas having special flood hazards.

This body has the legal authority to adopt land use and control measures to reduce future flood losses pursuant to MRSA Title 30A, Sections 3001-3007, 4352 and 4401-4407.

FLOODPLAIN MANAGEMENT ORDINANCE

ARTICLE I - ESTABLISHMENT

The Town of Easton, Maine elects to comply with the requirements of the National Flood Insurance Act of 1968 (P.L. 90-488, as amended). The National Flood Insurance Program, established in the aforesaid Act, provides that areas of the Town having a special flood hazard be identified by the Federal Emergency Management Agency and that floodplain management measures be applied in such flood hazard areas. This Ordinance establishes a Flood Hazard Development Permit system and review procedure for development activities in the designated flood hazard areas of the Town of Easton, Maine.

The areas of special flood hazard, identified by the Federal Emergency Management Agency in a map entitled "Flood Insurance Rate Map - Town of Easton, Maine, Aroostook County," dated September 4, 1985, is hereby adopted by reference and declared to be a part of this Ordinance.

ARTICLE II - PERMIT REQUIRED

Before any construction or other development (as defined in Article XIII), including the placement of manufactured homes, begins within any areas of special flood hazard established in Article I, a Flood Hazard Development Permit shall be obtained from the Planning Board. This permit shall be in addition to any other building permits which may be required pursuant to the codes and ordinances of the Town of Easton, Maine.

ARTICLE III - APPLICATION FOR PERMIT

The application for a Flood Hazard Development Permit shall be submitted to the Planning Board and shall include:

- A. The name and address of the applicant;
- B. An address and a map indicating the location of the construction site;
- C. A site plan showing location of existing and/or proposed structures, sewage disposal facilities, water supply facilities, areas to be cut and filled, and lot dimensions;
- D. A statement of the intended use of the structure;
- E. A statement as to the type of sewage system proposed;
- F. Specification of dimensions of the proposed structure;

- G. The elevation in relation to the National Geodetic Vertical Datum (NGVD) or to a locally established datum, of the:
1. base flood at the proposed site of all new or substantially improved structures, which in Zone A is determined to be the elevation of the ground at the intersection of the floodplain boundary and a line perpendicular to the shoreline which passes along the ground through the site of the proposed building;
 2. highest and lowest grades at the site adjacent to the walls of the proposed building;
 3. lowest floor, including basement; and whether or not such structures contain a basement; and,
 4. level, in the case of non-residential structures only, to which the structure will be floodproofed;
- H. A description of a base flood elevation reference point established on the site of all new or substantially improved structures;
- I. A written certification by a registered land surveyor that the elevations shown on the application are accurate;
- J. Certification by a registered professional engineer or architect that floodproofing methods for any non-residential structures will meet the floodproofing criteria of Article III.G.4; Article VI.G; and other applicable standards in Article VI.
- K. A description of the extent to which any water course will be altered or relocated as a result of the proposed development; and,
- L. A statement of construction plans describing in detail how each applicable development standard in Article VI will be met.

ARTICLE IV - APPLICATION FEE AND EXPERT'S FEE

A non-refundable application fee of \$ 0 shall be paid to the Town Clerk and a copy of a receipt for the same shall accompany the application.

An additional fee may be charged if the Planning Board and/or Board of Appeals needs the assistance of a professional engineer or other expert. The expert's fee shall be paid in full by the applicant within 10 days after the town submits a bill to the applicant. Failure to pay the bill shall constitute a violation of the ordinance and be grounds for the issuance of a stop work order. An expert shall not be hired by the municipality at the expense of an applicant until the applicant has either consented to such hiring in writing or been given an opportunity to be heard on the subject.
